

Bass Trombone Slide Position Chart

with F / D attachments

The chart displays slide positions for a bass trombone. At the top, seven musical staves are labeled 1 through 7, showing the notes for each position. Below these is a diagram of the trombone slide with two vertical lines indicating the first and second positions. Underneath the slide diagram are three rows of musical notation:

- F - tuning:** Labeled 1V through 6V. This row shows the notes for positions 1 through 6. Position 7 is not shown in this row.
- D - tuning:** Labeled 1D through 5D. This row shows the notes for positions 1 through 5. Position 6 is not shown in this row.

Vertical dashed lines connect the slide positions to the corresponding musical notation in the F and D tuning rows.
